

Impressions Pod-Notes

PRESSED FLOWERS! So named because the art in this collection has been reproduced from real pressed flowers creating unique note cards tucked inside their own reusable "gift bag" complete with a gift tag and nature sprig. (Perfect for Hostess or Thank You.) In her own words, creator Sr. Clare Ragazzo, OSU says, "I am not an artist, but have grown flowers for years before learning I could press them in stacks of telephone books. It is becoming more difficult to grow my own flowers, so by printing the pressed originals, they can be shared. I will be 89 soon and hope that my flowers will inspire others to take heart and try new things!" Sr. Clare Ragazzo, OSU. Ursuline Community of Brown County, Ohio Her reflection on the back of each card. 12 cards (2 ea. of 6 designs) 5" x 4.5" Blank inside. **NPIM-600** \$10.95
